This pure and potent garlic has a special 'locked-in freshness' coating with chlorophyll, that helps control the garlic's odour. The tablet does not break down for absorption until it reaches the small intestine, so you receive the full nutritional value of garlic without the undesirable taste.

Recommendation: Take one tablet with a meal once or twice daily.

Do not exceed the daily recommended dosage. Always consult your Doctor or Pharmacist before taking food supplements when you are on prescribed medication. Food supplements should not be used as a substitute for a balanced diet.
